

# Workshop Programme

## **0900 – 0940 – Session 1: Introductions by the Programme Committee**

0900 – 0910: “e-SENSE”, Laurent Hérault

0910 – 0920: “MAGNET Beyond”, Ramjee Prasad

0920 – 0930: “CRUISE”, Neeli Prasad

0930 – 0940: “DAIDALOS”, Amardeo Sarma

## **0940 – 1120 – Session 2: Role of the user and role of context and personalisation in Beyond 3G**

Chair: Amardeo Sarma

0940 – 1000: F. Forest, A. Oehme, K. Yaici and C. Verchère-Morice, “*Psycho-Social Aspects of Context Awareness in Ambient Intelligent Mobile Systems*”

1000 – 1020: H. Olesen, N. Schultz, K. E. Skouby, L. Sørensen, S. Bessler, D. M. Kyriazanos, and C. Z. Patrikakis, “*Scenario Construction and Personalization of PN Services based on User Profiles and Context Information*”

1020 – 1040: C. Werner, Y. Liang, J. Jähnert, M. Ebner “*Daidalos - A scenario based approach from scenarios towards integration*”

1040 – 1100: A. Gluhak, U. Bandara, M. Presser, K. Moessner and H. Morikawa, “*UbiClub – A Context-Aware Environment for Nightclub Entertainment and Management*”

1100 – 1120: I. Niemegeers, “*The Invisible Network*”

## **1120 – 1140 – Break**

## **1140 – 1240 – Session 3: Beyond 3G architectures with respect to context**

Chair: Mika Klemettinen

1140 – 1200: A. Gluhak, M. Presser, Z. Shelby, P. Scotton, W. Schott and P. Chevillat, “*e-SENSE Reference Model for Sensor Networks in B3G Mobile Communication Systems*”

1200 – 1220: M. Bauer, R.L.Olsen, M. Jacobsson L. Sanchez, J. Lanza, M. Imine, N. Prasad, “*Context Management Framework for MAGNET Beyond*”

1220 – 1300: R. Aguiar, B. A. Farshchian, A. Sarma, H. Einsiedler, “*Daidalos: the global architecture and its instantiations*”

## **1300 – 1400 – Lunch**

## **1400 – 1500 – Session 4: Wireless Sensor Network approach to capturing context**

Chair: Ismail Khalil Ibrahim

1400 – 1420: J. Haapola, Z. Shelby, L. Ouvry, N. Bui, “*Efficient and Light-weight Wireless Sensor Network Communications*”

1420 – 1440: A. Timm-Giel, K. Kuladinithe, M. Becker, C. Görg, “*Wireless Sensor Networks in Wearable and Logistic Application*”

1440 – 1500: M. Marin-Perianu, N. Meratnia, M. Lijding and P. Havinga, “*Being Aware in Wireless Sensor Networks*”

## **1500 – 1600 – Session 5: Context in Beyond 3G systems and platforms**

Chair: Derek Babb

1500 – 1520: E. Kovacs, M. Bauer, U. Javaid, D. E. Meddour, “*Context-aware Personal Networks in Beyond 3G Systems*”

1520 – 1540: R.Kernchen, D. Bonnefoy, A. Battestini, B. Mrohs, M. Wagner, and M. Klemettinen, “*Context-Awareness in MobiLife*”

1540 – 1600: A. V. Zhdanova, J. Zoric, M. Marengo, H. van Kranenburg, N. Snoeck, M. Sutterer, C. Räck, O. Drögehorn, S. Arbanowski, “*Context Acquisition, Representation and Employment in Mobile Service Platforms*”

## **1600 – 1610 – Break**

## **1610 – 1750 – Panel Session: “What context should be available for Beyond 3G, how to extract it and (re-)present it efficiently, and how to use it in systems, applications and services Beyond 3G?”**

Chair: Laurent Hérault

- Richard Egan
- Ismail Khalil Ibrahim
- Amardeo Sarma
- Pierre Chevillat
- Mika Klemettinen
- Karsten Vandrup
- Francois Carrez

## **1750 – 1800 – Wrap-up Laurent Hérault**
